Dear Mr. Ex. 6 Personal Privacy (PP),

I am emailing you regarding the U.S. Environmental Protection Agency's (EPA) report from the March 31, 2022 off-site evaluation of your parcel on Lawson Road.

You are encouraged to read the report carefully. If you believe any of the information is inaccurate or if you would like provide supplemental information regarding the report you may provide a response electronically by Friday, July 1, 2022. The response will be added to EPA's files and appended to the inspection report.

The report does not contain compliance determinations (i.e. whether or not a violation occurred). The observation outlined in the report will be reviewed by EPA to determine if any follow-up actions are necessary. This report and any other information gathered by the EPA may be used in making a compliance determination with federal regulations.

If you have any questions, please feel free to contact me.
